2-30 P.M.

Sri H.M. CHANNABASAPPA (Minister for Public Works and Electri city) I beg to make the following Statement.

Electrification of Kaje Kallahalli Village in Kolar Taluk ha been included in the Scheme for electrification of 57 villages approved by the Rural Electrification Corporation Ltd. New Delhi for Rs. 20.92 lakhs during the month of July, 1973, The estimate for the electrification of Kaje Kallahalli Village at a total cost of Rs. 52,255 has been sanctioned by the Board during February, 1974. Electrification of this village requires extension of Sub-Transmission line by 1-6 KMs and also erection of transformer centres and distribution lines. The work has been taken up and 30 Poles have already been transported to the Site. Due to the acute shortage of ACSR Conductors and Steel required for Cross Arms, line works could not progress. ACSR Conductors are expected shortly and arrangements will be made to send them to Kolar Taluk to enable the pending works, including that of this village, being completed as early as possible.

Eight I.P. Sets in the limits of Kaje Kallahalli Village have been included in the Scheme report. These will be energised as and when the consumers come forward to avail power. The other prospective consumers also can avail power in case the energisation of their I.P. Sets is feasible, after the Village is electrified.

It is not a fact 8,700 I.P. Sets are affected on account of non-supply of power. Only in the recent months, there has been delay in the energisation of I.P. Sets due to non-availiability of essential line materials. Despite acute shortage of materials, 15,976 I.P Sets have been energised in the State as against the total target of 12.700 I.P. Sets for the year 1973-74.

ಶ್ರೀ ಸಿ. ಬೈರೇಗೌಡ :—ಮಾನ್ಯ ಮಂತ್ರಿಗಳೇ ಹೇಳುವಂತೆ ಇದರಲ್ಲಿರುವ ಕಷ್ಟಗಳನ್ನು ಅವರೇ ಒಪ್ಪಿಕೊಂಡಂತೆ ಇದರಲ್ಲಿ ಭಾಗವಾಗುತ್ತದೆ. ವೈರಂಗಳು ಸಿಗದೇ ಇರುವುದರಿಂದಾಗಿ ರಾಜ್ಯದಲ್ಲಿ ಸುಮಾರು
